HOMEPAGE

“Home”

Meta Description: Find out what value Nature Coast Insurance Agency can offer to you and your family.

You don't buy insurance to spend your money, you buy it to protect your family, your possessions, and everything your hard work has earned you. At Nature Coast Insurance Agency we are not in business to take your money. We are in business to serve your insurance needs with the most excellent customer service and competitive prices to be found in Crystal River, FL.

You can buy a home insurance policy anywhere, but you can't buy one that comes with the dedication to customer service excellence that we provide. Nature Coast Insurance Agency is uniquely positioned in the market to offer you the widest variety of coverage, from the largest number of companies, for the lowest possible premium.

Insuring a mobile home can bring its own set of unique challenges. Our goal is to provide our customers with affordable mobile home owners insurance that offers real protection and sterling claims service. We have policies that cover extras like detached structures and personal belongings.

If you drive a car, and everybody does, you have to have insurance. But do you? Not everybody does. Driving without insurance is not only illegal, it can be financial suicide if you cause an accident. Having auto insurance is a much safer option. If you have been driving without insurance, have a new driver in the family, or just want a nicer agent, you will find an answer to your problem by calling us.

Because we are an independent insurance agency and not affiliate with any particular company, we can offer you a choice of policies that fit in your budget. We'll listen to your needs, assess your current situation, and present you with a free quote that explains

all of the details. If you have been cancelled or are shopping for a new insurance policy or agent, give us a try.

ABOUT PAGE

“About Us”

Meta Description: When you need great value in home and auto insurance, get a quote from us today.

Nature Coast Insurance Agency is a licensed independent insurance agency with strong ties to Crystal River, FL. Because we are not affiliated with any particular insurance company we can shop among many companies to find you a policy that offers the best combination of coverage and price to meet your current needs. We won't just sell you a policy and abandon you. We will continue to meet with you to make sure that your insurance coverage remains current and useful as your life circumstances change.

Because we are not associated with any single insurance company you won't need to change your agent in order to change your provider. If you are unhappy with your current company we can help you get a new policy from a new company without any lapses in your coverage. Our trained agents are value hunters; they look after your wallet along with your insurance needs. Rest assured, they will find you the best combination of coverage and price, provided with the most excellent customer service in the industry.

Our agents are looking forward to treating you to our extra level of service and value. Give us a call.

SERVICE PAGE 1

“Home Owners Insurance”

Meta Description: Get the most out of your home owners insurance with Nature Coast Insurance Agency.

Home ownership is a dream come true, and home owners insurance is a vital part of protecting both the dream and the home owner. When you work with Nature Coast Insurance Agency, you work with an experienced insurance agency that has a reliable and proven history of meeting the needs of the residents in Crystal River, FL. We promise more than just a policy for home owners insurance, we promise effective communication, and clear explanations of our products and coverage so you know what you are buying.

When it comes to home owners insurance you really need to consider a lot more than price when deciding on a policy. You want to make sure it covers your needs, shields you from liability, and protects both your family and your assets during disasters, emergencies, or accidents. At the very least insurance should cover the following:

- **Principle Dwelling**—This coverage will repair or replace your home and attached structures like garages and decks if they are damaged or destroyed by hail, fire, wind, accidents, and other causes.
- **Other Structures**—If you have a detached garage, shed, or other outbuildings they will be covered against damage or destruction just like your home.
- **Personal Property**—If your property is stolen, damaged, or destroyed it will be replaced.
- **Living Expenses**—If your principle dwelling is unsafe to occupy your policy will cover the expenses related to living in a hotel room or other accommodations.
- **Homeowner Liability**—Covers medical bills if someone is accidentally injured on your property through no fault of yours and protects you from other liabilities associated with home ownership.

Your home is probably the biggest purchase you will ever make. It only makes sense to choose an insurance agent that can help you protect it; call Nature Coast Insurance Agency for great home insurance plans.

SERVICE PAGE 2 **“Mobile Home Insurance”**

Meta Description: Give Nature Coast Insurance Agency a call about your mobile home insurance needs.

Getting mobile home insurance, sometimes referred to as modular home insurance, can be a complicated and confusing experience. The licensed professionals at Nature Coast Insurance Agency of Crystal River, FL can help you clarify the details of your mobile home insurance policy, ensuring that you have the coverage you need at a price you can afford.

When you need to learn more about mobile home insurance and policies come to us for useful answers. We are a fully licensed independent insurance agency, which means that when we help you find a policy for your modular home we are not restricted to products from a single insurance company.

The cost of your mobile home insurance policy is dependent on several factors, some of which are not a consideration when buying traditional home insurance. For instance, the

type of foundation your home is on is important, as is its location within the city. Other typical motor home insurance considerations include:

- **Coverage**—Determine what property is covered and what events are covered. Typically, the dwelling, attached and adjacent structures, and contents are insured against loss, damage, or destruction from theft, vandalism, fire, hail, and wind. Other policies may cover additional conditions and property.
- **Loss Settlement Option**—In the event of complete loss how will your loss settlement be calculated? Will it be the depreciated value of the mobile home and possessions, the stated value of the home and contents, or the actual replacement value?
- **Deductible**—A higher deductible may mean a lower premium, but you have to be able to meet it in the event you have a claim. We won't let you get too far afield.

When you call Nature Coast Insurance Agency we guarantee you excellent service, prompt attention to claims, and excellent value in exchange for your business.

SERVICE PAGE 3 **“Auto Insurance”**

Meta Description: Choose us for excellent customer service and personal attention on auto insurance.

When your drive on today's highway you risk your health, your car, and your life. Don't risk them without auto insurance from Nature Coast Insurance Agency. We are a fully licensed, independent auto insurance agency serving the interest of clients in the Crystal River, FL area and we want to serve your auto insurance needs.

When you choose car insurance from Nature Coast Insurance Agency you are choosing an agency that values customer service and client relationships more than we value our association with any particular insurance company. That means we can shop the market to get you the best policy, at the best price, and the best terms.

It is also important to make sure your coverage updates when you get married or divorced, add another driver to the family, or buy a new car. The agents at Nature Coast Insurance Agency will make sure your insurance policy grows and changes with your life.

There are several things to consider about your auto insurance policy:

- **Liability**—If you cause an accident, liability insurance will cover the cost of the property damage and bodily injury incurred by others, including to passengers and

- pedestrians, up to the limits set by your policy.
- **Collision Insurance**—Repairs or replaces your vehicle if is damaged in an accident that you cause.
 - **Comprehensive**—Protects your vehicle from loss due to non-accident causes like theft, fire, hail, or wind damage.
 - **Medical Coverage Limits**—The total amount a policy will pay for medical expenses. The higher your medical coverage limits, the higher your premium will be, but the more protection others will have if you cause an accident.

If you have been non-renewed or cancelled give us a call. We'll find a car accident insurance policy that will fit your needs and is still in your price range.
